Dear Mike

I am writing to thank you and all the members for your wonderful donation of £8,955. Words really cannot express our gratitude for your continued support. We really did not expect anything this year, let alone the amount you have sent, simply due to the current economic climate, and how you all must be struggling as individual companies.

This donation comes as a huge boost to the charity when donations are at an all time low from the general public, but where applications have increased significantly. Your cheque has made a huge difference to the lives of the individual children selected along with their families.

We will send up date photo's in due course of each of the children, once they have all received their equipment and therapy and we receive their updates. David Fox's carer was so overwhelmed by your generosity that she burst into tears over the phone, because she was so touched and said "she had gave up hope that people like you existed". This is why we feel helping individuals is so vital, as they are the ones overlooked by society, and left feeling alone and isolated.

I also have lots of holiday photo's to forward from the holiday homes you purchased us, which are fully booked all year, and families are already trying to book up to two years in advance.

Once again thank you for everything, and I will forward an update in due course.

Yours sincerely

April Fitzmaurice
