

Demolition Supervisor 12 Week Distance Learning Course

Places available

As you are aware, as from October this year, the process of obtaining a Demolition Supervisor Card may be changing. The new process will incorporate a Supervisory Level 3 NVQ.

We are still in the development stages and hope to run a pilot course starting in October. For a short time we will be running the current course and new course in parallel for a transition period.

This may be your last chance to register your operative(s) on the current scheme. The current scheme allows Full Topman Card Holders to undergo an NDTG 12 Week Distance Learning Course to obtain a Demolition Supervisor Card.

If you would like to obtain a Demolition Supervisor Card under this format then please contact the NDTG on 01442 217144.

The Course Dates are below

Please note: the format of the course is Distant Learning to allow minimal time away from the workplace. However there are 3 occasions when the candidate **must** attend a Group Session.

Southern Course

RB10

Induction- Tuesday 15th September 2009
Mid-term –Thursday 22nd October 2009
